

# WMR FX Benchmark - 12 NOON EST rate

## The trusted choice in FX rates

The [WMR 12 noon EST FX benchmark | LSEG](https://www.lseg.com/en/ftse-russell/benchmarks/wmr-fx-benchmarks) <https://www.lseg.com/en/ftse-russell/benchmarks/wmr-fx-benchmarks> gives you a reliable, transaction-oriented rate that enables you to evaluate the markets with greater clarity. A subset of the renowned WMR Intraday service, the WMR 12 noon EST rate is backed by an International Organization of Securities Commissions (IOSCO), aligned methodology and WMR's 30 years of service as an objective, unbiased source of FX data.

## A rate that empowers your market evaluation

The WMR FX Benchmark 12 noon EST offers an array of advantages that enable you to execute transactions more confidently.

## Fully transparent, IOSCO-aligned methodology

Calculation of the WMR 12 noon EST rate is based on the same established, published methodology as the full [WMR FX Benchmarks | LSEG](#) which is fully aligned with the IOSCO Principles for Financial Benchmarks.

## Calculated from actual market trades<sup>1</sup>

While many benchmarks are based on composite data, the WMR 12 noon EST is calculated on actual, primary market data for select currencies, where sufficiently available. These prices are sourced from global trading platforms, LSEG FX Matching, EBS and Currenex, to create a more accurate rate.

## The trusted industry standard

The WMR 12 noon EST is part of the WMR family – a series of FX benchmarks that more than 1,000 financial institutions worldwide currently rely on to achieve greater clarity in evaluating markets. With a reputation for objectivity, transparency and reliability, WMR FX Benchmarks have earned the respect of central banks and national regulators around the globe.

They are widely accepted by auditors and have been adopted by leading equity, bond and index publishers.

## A choice of services to align with your data needs

We offer a free-of-charge service with rates for 32 currencies against USD available daily (with a 30-minute delay) on our website at [WMR FX Benchmarks | LSEG](#)

However, because firms have varying data requirements, we also offer a more comprehensive independent subscription to the WMR Intraday service. This subscription will provide you with rates for over 150+ currencies against EUR, GBP and USD.

## About WMR FX Benchmark services

Timeliness, transparency and reliability represent the hallmarks of WMR Benchmark services and reflect the firm's commitment to technical excellence and robust governance. These high standards have earned the respect of national regulators, central banks and local authorities around the world.

<sup>1</sup> Calculations based on transactional data for select currencies, where available.

All information is provided for information purposes only. All information and data contained in this publication is obtained by LSEG, from sources believed by it to be accurate and reliable. Because of the possibility of human and mechanical inaccuracy as well as other factors, however, such information and data is provided "as is" without warranty of any kind. No member of LSEG nor their respective directors, officers, employees, partners or licensors make any claim, prediction, warranty or representation whatsoever, expressly or impliedly, either as to the accuracy, timeliness, completeness, merchantability of any information or LSEG Products, or of results to be obtained from the use of LSEG products, including but not limited to indices, rates, data and analytics, or the fitness or suitability of the LSEG products for any particular purpose to which they might be put. The user of the information assumes the entire risk of any use it may make or permit to be made of the information.

No responsibility or liability can be accepted by any member of LSEG nor their respective directors, officers, employees, partners or licensors for (a) any loss or damage in whole or in part caused by, resulting from, or relating to any inaccuracy (negligent or otherwise) or other circumstance involved in procuring, collecting, compiling, interpreting, analysing, editing, transcribing, transmitting, communicating or delivering any such information or data or from use of this document or links to this document or (b) any direct, indirect, special, consequential or incidental damages whatsoever, even if any member of LSEG is advised in advance of the possibility of such damages, resulting from the use of, or inability to use, such information.

No member of LSEG nor their respective directors, officers, employees, partners or licensors provide investment advice and nothing in this document should be taken as constituting financial or investment advice. No member of LSEG nor their respective directors, officers, employees, partners or licensors make any representation regarding the advisability of investing in any asset or whether such investment creates any legal or compliance risks for the investor. A decision to invest in any such asset should not be made in reliance on any information herein. Indices and rates cannot be invested in directly. Inclusion of an asset in an index or rate is not a recommendation to buy, sell or hold that asset nor confirmation that any particular investor may lawfully buy, sell or hold the asset or an index or rate containing the asset. The general information contained in this publication should not be acted upon without obtaining specific legal, tax, and investment advice from a licensed professional.

Past performance is no guarantee of future results. Charts and graphs are provided for illustrative purposes only. Index and/or rate returns shown may not represent the results of the actual trading of investable assets. Certain returns shown may reflect back-tested performance. All performance presented prior to the index or rate inception date is back-tested performance. Back-tested performance is not actual performance, but is hypothetical. The back-test calculations are based on the same methodology that was in effect when the index or rate was officially launched. However, back-tested data may reflect the application of the index or rate methodology with the benefit of hindsight, and the historic calculations of an index or rate may change from month to month based on revisions to the underlying economic data used in the calculation of the index or rate.

This document may contain forward-looking assessments. These are based upon a number of assumptions concerning future conditions that ultimately may prove to be inaccurate. Such forward-looking assessments are subject to risks and uncertainties and may be affected by various factors that may cause actual results to differ materially. No member of LSEG nor their licensors assume any duty to and do not undertake to update forward-looking assessments.
