Rules-based flexibility

FTSE GEIS conforms to an unbiased and transparent methodology that is not one size fits all. The modularity of the indices offers built-in versatility indicative of the diverse objectives and extreme level of flexibility investors demand, while fully embracing global standards of governance.

Inclusive perspective

Index governance and product development processes reflect collaboration with clients and input from a committee of outside experts, yielding valuable intelligence that augments our own.

A trusted partner

Over \$2.4 trillion in assets under management track FTSE GEIS indices, which are used as benchmarks for actively- managed strategies and as the foundation for passively-managed investment vehicles such as ETFs.¹
